

Dear Taper Families,

This is an unprecedented time for our community, country and our world. Earlier today, Superintendent of LA Schools, Mr. Austin Beutner, announced the closure of all schools in [LAUSD](#), effective March 16, 2020 - March 27, 2020, as a necessary measure to help prevent the spread of the coronavirus. Public Health officials at the county have told us this is the appropriate thing to do at this time.

In order to ensure learning continues during the closure, we are sending the following instructional material home with students:

- Instructional material for ELA and Math
- Parent and Student Resource Guides to access additional online resources
- Daily Instructional Schedules
- For updates, please continue to check our website (www.tapertigers.com) and our Facebook page (<https://www.facebook.com/TaperAveElementary.TechMagnet/>).

We are asking that all students follow the daily timeline to complete tasks sent home by their teachers. Please continue to monitor the CDC website as well as the LAUSD website for timely updates. Thank you for your support and patience during this time.

Kindly,

Ms. Noriega
Principal
